What Makes Us Different

TOP OF THE LINE PRODUCTS

All car washing products are procured directly from proud eco-friendly brands that manufacture non-abrasive and non-toxic, natural car washing chemicals. This helps us prevent any damage to the ground water and prevent health risks to car owners.

Eco-Friendly

A traditional car wash can use over 70 gallons of water to wash one vehicle. We only need 500 ml of water to get your car looking as good as new.

Safer on car paint

Washed by high microfiber towels with biodegradable, harmless and concentrated solution, will give your car superior shine, remove hard dirt and protect car paint from sunshine. This car wash shampoo is plant-based, biodegradable, non-toxic and phosphate-free. It gently removes dirt and grime without removing wax or polish.

Performed by the Best

Our car washers go through training programs in order to give best results.

ECO TOUCH Waterless Car Wash

Facilities is introducing ECO TOUCH Water Car Wash.

KEY FEATURES:

Green solution (water Less)

Eliminates untreated run off and conserves water.

It's spray on/wipe off cleaner which safely removes surface contaminants and leaves your car absolutely spotless.

This formula is designed to 'lift' dirt away from your car's paint to help ensure a scratch-free finish.

The powerful Surfactant breaks down road grime, while polymers leave a smooth and protected finish,

Trained personnel staff.

Parking slots remain clean, stain free and dry after the wash.
